Memo No. CED/ Roof Top Solar PV System/

Date:

To
All Divisional Managers,

Sub: Preparation of estimate towards phase conversion from single phase three phase and load enhancement (10KW) for installation of Grid Connected Roof Top Solar PV System in 1000 schools in West Bengal.

Ref: WEBREDA/129(2016)/896 Dt. 14.12.2017

Dear Sir,

We have received a communication from WBREDA for phase conversion from single phase to three phase and load enhancement (10KW) for installation of Grid Connected Roof Top Solar PV System in 1000 schools in West Bengal. A list of 277 nos. of schools out of 1000 nos. is enclosed at present for your ready reference please.

In this connection we advise you to please interact with the respective listed 277 nos of schools authority under your jurisdiction.

After having initial formalities necessary estimate should have to be prepared towards conversion of phase (from single phase to three phase) where it is required. Division wise estimate should be sent to this end so that we can issue the Work Order against receipt of balance amount from WBREDA.

This is most urgent.

Encl: As stated

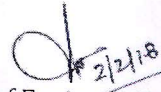

Yours faithfully,

Sd/-
(S. Mukhopadhyay)
