MINISTRY OF NEW AND RENEWABLE ENERGY

Important Scheme

D.O.No.MNRE/Secy/Misc/2019
2nd April 2019

Dear Power Secretary,

The Government of India last month approved a Government Producer Scheme for setting up solar projects of 12000 MW capacity.

2. Under the scheme, Central Public Sector Undertakings, State Public Sector Undertakings, Central & State Government autonomous and other institutions can set up solar power projects for producing electricity for their captive use or selling the same to the Central/State Governments or Central/State Public Sector Undertakings/Autonomous and other institutions. The capacity under the scheme is allocated on open bidding basis, the Viable Gap Funding (upto Rs. 70 lakh/MW) being the parameter.

3. Under the scheme, Solar Energy Corporation of India (SECI), has already brought out a bid for setting up solar projects of 2000 MW capacity. The last date for bidding for this capacity is 3rd May 2019.

4. Since under the scheme, the State Government, the State Government Public Sector Undertakings, autonomous and other institutions can produce power at a rate lower than the rate of supply of power by the Discoms, I would urge you to bring this scheme to the notice of all concerned and direct them for active participation in the tender floated by SECI for allocation of desired capacity.

5. I anticipate an early action in the matter.

Best Regards

Yours sincerely,

[Anand Kumar]
